4.10.3 LIVE			

What this is: With patch 4.10.3 (LIVE since 12 Nov 2026) the **Vanduul** push into the Nyx system, and the **Shattered Blade** gang exploits the chaos. **InterSec Defense Solutions** issues a new line of contracts for it: storm stations, retake boarded ships, hold off Vanduul waves, hunt Maulers and recover cryopods. Which contracts you see depends on your **InterSec rank**.

> PART OF THE INTERSEC LINE
>
> Same giver as Vanduul-Tech Smugglers and Tactical Strike Groups. The reputation you earn there counts here too.

Getting in: how to unlock the contracts

From Neutral to your first Incursion contract.

1 Fly to Nyx

NYX

OBJECTIVE: BE IN THE SYSTEM

1. InterSec contracts appear in **mobiGlas → Contracts** under **InterSec Defense Solutions** once you are **in Nyx**. There is no fixed station or NPC giver.

2 Finish the intro contract

INTRO „NEW DEFENSE CONTRACT: … ELIMINATION“

1. From **Neutral**, **once** per character. The target is an outlaw ship (for example Carrack, Valkyrie, M2, Caterpillar, Prowler) with escorts.
2. Gives **+100 InterSec rep** and unlocks the other intro contracts.

3 Raise rep to 800

REP OBJECTIVE: JR. CONTRACTOR (RANK 1)

1. Repeat **Defend InterSec Operative** (from Neutral, +100 rep) a few times. Other InterSec contracts in Nyx count the same.

4 First Incursion contracts

START FROM JR. CONTRACTOR

1. Now **Target Shattered Blade** (the Shattered Blade Raid) and **Living Vanduul Sample** appear. More contracts open with each rank (table below).

> UNRESOLVED: VANDUUL-TECH SMUGGLERS AS A PREREQUISITE?
> The PTU patch notes said that on LIVE most of this line would require the **Vanduul-Tech Smugglers** work from "Welcome to Nyx". The 4.10.3 LIVE game data lists only the **InterSec rank** as a requirement for the new contracts. If you have the rank but don't see the contracts, finish Vanduul-Tech Smugglers first.

Cryopods: Living Vanduul Sample

The easiest way in, with its own rules.

Requirements

- **Jr. Contractor**
  From rank 1.
- **CrimeStat 0–2**
  With a higher CrimeStat the contract isn't offered.
- **Not shareable, 25 min**
  Per game data one player per contract, 25-minute limit.

Find and deliver

- **Blue trim**
  Per the contract text the pod with a living Vanduul has blue trim on its casing. When in doubt check the name "Cryopod (Living Vanduul)", not just the colour.
- **Delivery at a jump point**
  The destination is the Nyx–Pyro or Nyx–Castra jump point. The contract shows which.
- **Tractor beam, cargo hold**
  The pod has to go into the ship.

Suggested path

Our suggestion, not a fixed order.

1. **Rank 1:** Target Shattered Blade for the Skarnov blueprint, plus Living Vanduul Sample for rep and a random blueprint.
2. **Rank 2 to 3:** Retake Boarded Vessel gives double rep (+300) but little aUEC. Veteran needs 15,000 rep, which takes a while.
3. **Rank 4:** Clan Extermination and 3-Way Standoff up to tier 3 each for the Corbel and Palatino armor.
4. **Rank 5 to 6:** Takedown line. The two Mauler contracts are meant for a crew.

Loadout checklist

◆ = mandatory · ▣ = recommended.

Raid and boarding (FPS)

- ◆ **Weapon, armor, ammo**
  Target Shattered Blade and Retake Boarded Vessel are fights on foot.
- ▣ **Med-Pens / Med-Gun**
  For longer fights inside stations and ships.
- ▣ **Ship to get there**
  A transport ship is enough for the raid; raid stations are reachable by quantum.

Vanduul waves and Maulers

- ◆ **Combat ship**
  For Clan Extermination, 3-Way Standoff and Takedown.
- ◆ **Stay out of the Mauler's nose arc**
  In 4.10.3 Mauler weapons became much deadlier and its health was reduced. The big forward laser and the top weapon are the danger.
- ▣ **Budget time and ammo**
  Vanduul carry plenty of ammo and regenerate fast; Draw Out Maulers has a limit of over 3 hours per game data.

Common pitfalls

Not in Nyx
Outside Nyx the contracts don't show up.

Rank too low
Most contracts need Veteran (15,000 rep) or more. Check your standing in mobiGlas under InterSec.

Contracts missing despite rank
Then finish Vanduul-Tech Smugglers first (see Getting in).

Wrong cryopod
There are several pod types. Check for the name "Living Vanduul".

CrimeStat above 2

InterSec is lawful; with a high CrimeStat there are no contracts.

Sharing doesn't work

The game data marks the contracts as not shareable. Whether others can still help is not yet confirmed.
