VARIANT	ACQUISITION	NOTE
Geist (base)	Loot Craft	Standard set. **Blueprint:** Jorrit Dossier "Updated Security Data" (Onyx, P2M2).
ASD Edition	Loot Craft	Black camo with ASD logo — **Onyx facilities** (orange boxes). **Blueprint:** Jorrit Dossier "Onyx Personnel Files" (P3MM).
Desert · Forest · Rogue · Whiteout	Loot Craft	Camo variants from PvE/PvPvE loot. **Blueprints:** Jorrit Dossier "Updated Energy Anomaly Data" → Forest · "Updated Seismic Data" → Whiteout + Desert · "Updated Power Usage Data" → Rogue + Whiteout.
Stronghold	Loot	Loot only — **no blueprint** in the crafting data (as of 2026-10-30).
Snow Camo	Wikelo	Trade at Wikelo's Emporium.
Golden Blossom	Special	Black with gold blossoms.
Epoque	Twitch	Navy/black/gold baroque — Twitch drop "Welcome to Nyx" (2025-11-20 to 12-03, 4 h of streams). Exclusive: **no blueprint**, not craftable/lootable; account-bound (duplicates after character reset possible).

- **Where to loot:** The **ASD Edition** reliably in the **Onyx facilities** (orange loot boxes, densest in Site-B — see Onyx guide). Base & camo variants drop more broadly in PvE/PvPvE loot (contested zones, distribution centers, bunkers/UGF, derelicts).
- **Craft:** Most variants are craftable (blueprint + materials at the crafting machine).
- **Wikelo: Snow Camo** is at Wikelo's Emporium for trade goods (ASD drives/artefacts) — ties into your Wikelo planner.
- **Blueprints:** All Geist blueprints (except Snow Camo) are rewards of the repeatable **Jorrit Dossier contracts** of the Onyx chain — one blueprint per completion from the contract's pool (Corbel/Novikov/Zenith/Fresnel too), equal weights, so possibly several runs. Cost: core Taranite 40 / Aslarite 20 / Stileron 40 · arms & legs 30/20/30 · helmet 20/10/20 (refined). Per-contract mapping in the Onyx guide; source star-head, as of 2026-10-30.

> NOT A SHOP ITEM
>
> As of 4.10 the Geist set is **not sold in regular shops** — it's loot/craft/Wikelo. Exact per-variant spots are community-tracked (CStone finder); verify there/in-game if unsure.
